

Raidho acoustics

X-3

“STOP THE WORDS, LET THE MUSIC PLAY”

The Raidho Acoustics X-3 is a 2.5 way Raidho loudspeaker. It has 4 dedicated 4 inch ceramic mid-base drivers and one 8” side mounted bass driver.

The central pair of two mid-bass units extends from the deepest bass to the midrange crossover at 3KHz. The outer pair of the front mid,/ass drivers gradually relieves the inner pair starting at 2050Hz and extending to the deepest, thus reducing dynamic doubler distortion and increasing the speakers dynamic handling capability. A side mounted 8” bass driver solidifies performance in the lowest frequencies.

Technical data:

Frequencyresponse: 30Hz-50KHz

Sensitivity: 88dB/1W

Impedance: >6 ohms

Crossover 3 kHz – and 150 Hz

Size : 40 x130 x 14,3 cm (D x H x W)

Weight: 40 kg
