SLOW DOWN, WITHOUT MISSING A BEAT
FM/AM RADIO • CLOCK RADIO • DAB RADIO • WIFI INTERNET RADIO • CD RADIO • PORTABLE RADIO
Things move pretty fast in today’s world. We’re presented with opportunities for entertainment, communication, and information like never before. So how can we get a grip on the world, without dumping it all and moving to a cabin in the mountains? Slowing down, and seeking simplicity is one answer.

All Tangent table-top radios combine straightforward retro styling with the high-tech entertainment options of today. Simply put, these instant classics evoke images of a simpler time, while delivering today’s music. So slow down with Tangent, without ever missing a beat.

**IMPRESSION PERFORMANCE**
Once you’ve heard a Tangent table-top radio perform, it’s tough to believe your own ears. The single speaker and bass-reflex construction delivers a well-rounded sonic performance rivalling other quality stereo systems.
HANDY SIZE
What’s more, their handy size makes them perfect for placement exactly where you need a radio. Try on in your kitchen, your workshop, your home office, or your child’s room. Better yet, take one for each, and keep your music close by.

QUALITY MATERIALS
All Tangent table-top radios feature wooden cabinets and bass-reflex constructions for superior sound reproduction. The difference in performance is noticeable, especially when compared to radios with cabinets in plastic.

Tangent is committed to utilising high-quality materials throughout.

You can find Tangent table-top radios at a dealer near you.

Tangent HiFi electronics
The pioneer. The one that got it all started. Number one
Tangent Uno is the senior statesman among Tangent table-top radios, and its experiences are priceless.

Three simple operating knobs, and a prominent analogue display. So simple, it's sophisticated. Tangent Uno stands and performs with confidence.

It delivers precisely what you need – and even more than you'd expect: great performance from an appealing cabinet, available at an attractive price.

Tuning the FM/AM radio is like taking a trip back in time: turn the solid knob and keep an eye on the 50's inspired tuning dial showing the setting. You can practically hear the be-bop on the airwaves.

Have a lot of music on your iPod or other portable device? Just connect it via the auxiliary connection and get the most out of your favorite music.

The 3” driver unit provides a full range of musical experiences, filling your listening space with sound. Rich low-frequency effects complement the sharp treble found at the opposite end of the sonic spectrum.

UNO2go

All you like; now on the move
Off to the beach today? Grab your Tangent UNO 2go, and some sunscreen, and head out. Time to finish that job in your workshop? Collect your Tangent UNO 2go on the way downstairs. Just don’t forget to bring it back in, popping it on the kitchen countertop when you’re done so your spouse can tune in later!

The Tangent UNO 2go incorporates several of the features from the original Tangent UNO: the 50’s-inspired tuning dial, the solid tuning knob, and a minimal amount of additional knobs. In this new twist on success, however, the elements have been rearranged to fit the new manners of usage, with a robust, aluminium handle completing the makeover. Tip the handle towards the back of the radio, slide it into the accompanying wall bracket, and voila, a new placement possibility is born.

The sound quality of the new Tangent UNO 2go is as great as always. The powerful 3” driver unit offers vocal and musical renditions honouring the original recordings, with realistic reproduction as its driving force. Have a lot of music on your iPod or other portable device? Just connect it via the auxiliary connection and get the most out of your favorite music.

Using rechargeable batteries like a good global citizen? The Tangent UNO 2go automatically recharges these batteries when you connect it to the mains.

Off to the beach today?
Say hello and good morning to Tangent Duo, simply a splendid clock radio.
THE PERFECT WAKE-UP CALL

Say goodbye to shrill electronic beeps. Bid farewell to thin, tin-can sounding clock radio sound. Say hello and good morning to Tangent Duo, simply a splendid clock radio.

Delivering the perfect wake-up call, this elegant addition to your bedside does it’s best to pleasantly awaken you. The FM/AM radio contained within features classic manual tuning, in tune with Tangent Uno’s retro styling. The robust feel you experience when turning the dial conveys the quality of the mechanics inside.

The sound that emerges once you’ve found your preferred radio station, proves here, at least, performance and beauty can indeed go hand-in-hand.

Have a lot of music on your iPod or other portable device? Just connect it via the auxiliary connection and get the most out of your favorite music.

The precision quartz clock ensures proper time-keeping, and it works seamlessly with the powerful radio when morning arrives. Smoothly turning the rotating bezel, you set the time for the alarm, and glide off to sleep. Use the discrete snooze button on the top, and grab a couple of extra winks, if you wish.

DAB RADIO
THE VOICE - SOUND OF MOTOWN
Everyone likes good music and the variety of radio stations from which they can choose. Recent technological advancements have created a range of stations which would stun generations of radio listeners before us.

The Tangent Trio combines analogue and digital sources along with a digital clock radio. This captivating collection consists of FM and DAB/DAB+ (Digital Audio Broadcasting). Quite literally at the core of things, the DAB/FM tuner with accompanying display allows reception of both types of signals, ranging from dedicated music, talk, or even genre-based stations.

What’s more, Tangent Trio uses DAB’s strengths in order to display information including the name of the station you’re tuned to, information about the song that’s currently playing, what’s coming up next, and a whole lot more. Have a lot of music on your iPod or other portable device? Just connect it via the auxiliary connection and get the most out of your favorite music.

The alarm clock features a gentle start-up and snooze functions, perfect for a sweet beginning of each day. Excellent sonic performance rounds out the experience.

Take full advantage of DAB or DAB+’s superior sound with a superior sounding radio: Tangent Trio.

DAB 2GO - PORTABLE DAB+ RADIO

Nova FM
Pop Music
DIGITAL TUNES ON THE GO

The new Tangent DAB 2go portable DAB+/FM radio gives you extra entertainment options by adding portability to the already successful Tangent table-top radio range. This retro-styled radio uses batteries, freeing it from the mains.

So whether you’re off to the beach or just headed downstairs to finish that job in your workshop, you can collect your Tangent DAB 2go and bring it along. Just don’t forget to bring it back in, popping it on the kitchen countertop when you’re done so your spouse can tune in later!

The Tangent DAB 2go is built in the same housing as the popular Tangent Uno 2go, however the 50’s-inspired tuning dial has be replaced with an easy readable LCD display showing signal strength and battery status besides the present station name, and selected source.

Have a lot of music on your iPod or other portable device? Just connect it via the auxiliary connection and get the most out of your favorite music.

The new DAB 2go is of course future proof in the event a market should decide to change to the DAB+ and DMB format. Some DAB markets are discussing weather to change to DAB+ or DMB, and some has already adapted this format. No matter what type of DAB, the Tangent DAB 2go can be used everywhere.

Take the digital tunes on your analogue trip
Access like never before and the possibilities are almost endless
tangent QUATTRO INTERNET RADIO

ACCESS LIKE NEVER BEFORE

So you’re sitting in your living room in Australia, listening to a radio station in Armenia. You think about a switch to a station in America, but decide to listen in on your true favourite from Austria. And you do it all within a matter of seconds. You’re listening to internet radio, and the possibilities are almost endless.

Tangent Quattro is the first internet-capable member of the Tangent audio family. Connecting to several thousands of internet radio stations is as simple as it is pleasurable.

Reproduction of the digital signals sent through cyberspace fully lives up to your expectations, with the powerful 3” up-firing driver unit performing to perfection.

The Quattro also gives you the freedom to stream music directly from your PC or NAS server. If your tunes are on an iPod or other portable device you can just connect it via the auxiliary input and get the most out of your favorite music.

So go on-line with your Tangent Quattro. Just make sure you’ve got a comfortable chair, because you may end up listening for a really long, enjoyable time. And you never know where you might end up.

YOUR NEW DIGITAL SOUND CENTRE

Did you ever notice how many types of digital sound there are today? Wouldn’t it be great with a single device that can play them all? Of course! So why is your home filled with a bunch of gadgets, that when all is said and done, really only do the same thing? You need something that can gather a whole bunch of formats and just play your favourite music. You need a Tangent Cinque.

The Tangent Cinque is your new digital sound centre. Fill it with DAB radio broadcasts, MP3 and WMA file formats and CD-audio tracks and experience playback with crystal clear sharpness.

Choose between DAB/FM and FM/AM versions, and listen in on the radio programmes you like best. Pop a disc in the discreetly integrated CD-player, and let the music move you. Enjoy audio CD’s as well as MP3 and WMA file formats. Control and operate all sources through Tangent Cinque’s handy remote control as well.

The auxiliary input allows you to connect your iPod or other portable devices and enjoy the music of your choice.

Engage the built-in clock radio functionality, and let your preferred source start your day. The choice is yours. Tangent Cinque is ready to serve.
